Why Tailor  
Made?

Individual  
drift  
and cutting is it possible to fit  
your man properly. The tailor  
originally called a draper, but  
he has been given. A garment of  
peculiar style must really be  
tailored to the requirements  
of each individual. Not two per-  
sons are exactly alike.

Monday last a deal was completed  
hereabouts whereby the Milligan  
mines, located in the United States  
Forest, company, took from the main  
mine of 2,000 feet in Carbon  
County, with one hundred and fifty  
men, fifteen thousand dollars worth of  
timber, which was leased to the  
Lyon Coal and Lumber Company  
for a term of years. The  
deal was effected through the Law  
and Company of this city.

While in the act of hitching her  
ladies traps in front of the residence  
of Mr. and Mrs. Mrs. Mrs. Prudhoe was  
blown down by the horses. The  
animals were frightened by some ob-  
ject and started to run away. Mrs.  
Prudhoe received a cut on the neck  
and a bruise on the forehead and  
was unconscious for a few minutes.  
Her two little daughters were in the  
house at the time. Fortunately the  
horses were brought to a standstill.

had been left running.

Hill Signs been called on a number  
of prominent building contractors by  
Denton and its friends for the  
construction of ten Santa Fe type  
houses to be placed in service on  
the Union Mine. The cost of the en-  
tire will be about four hundred  
thousand dollars. The new model  
is designed for passenger and  
for freight service and will replace  
a number of ranch houses on the Union  
Mine. The increase in traffic over  
the road has necessitated an increase  
in the number of houses.

On Tuesday morning a team and wagon  
arrived in Price from a point 100  
miles above the store at Chaffee, K. C.  
W. Wilson, last Friday met with an  
agent of the association of the breaking  
the night and two days. This was  
the last established high and the ear-  
liest for driving the horses which  
had just started and scattered the  
whole herd. Wilson was most  
interested under the wagon and it was  
the first time that he had  
assisted himself from his previous  
experience. He succeeded in saving  
all his team and wagon.

The announcement of Judge J. E.  
Wood that he will be a candidate for  
continuation of the Republican ticket  
at the national convention in San  
Francisco on May 27th, but the office of  
district attorney appears on another  
side of this impression. Judge  
Wood already has the endorsement  
of the district convention held  
here April 27th and the delegates  
there chosen have been instructed to  
vote for his nomination first, and  
all the time, Judge Wood is  
constantly tried for the position and  
should he be nominated the republicans  
of the district will immediately  
all work for his election.

Charles and James M. Pherson were

Governor Spurz has issued a proclamation  
designating Wednesday, May 24th, as "Good Roads" day in Utah.  
The governor urges that the day be  
devoted to practical road building  
and that all communities in the state  
co-operate to make the day and the  
good roads movement a success.

Alfred Beaumont has taken up a  
ranch above the McPherson ranch  
and it is stated that he has some of  
the prettiest land that lies out of  
doors. His brother will build a stone  
house for him and as soon as it is  
ready Beaumont will move his family  
there.—Green River Dispatch, 40.

Mr. and Mrs. Claude Empey cele-

page of this impression that he will  
be a candidate for reomination on  
the republican ticket for the office he  
now holds, "Editor." Horsey is well  
and favorably known to almost every  
person in Carbon county and during  
his term of office has gained an ex-  
cellent reputation for efficiency in his  
work and courtesy to all who transact  
business with him. He has always  
been a staunch republican.

The board of county commissioners  
of Utah county have granted a fifteen-

The automobiles of the Dodge  
Stage and Transportation company  
are arriving in Meeteetse much earlier  
than expected. The management has been  
showing how much easier it is to  
make the trip by way of Helper than  
by way of Price. Two of their cars  
ran a race the other day, according  
to a report in the Dodgebeam Record.  
The car which went via Helper beat  
the Price car miles and miles. The  
traveling public and postoffice patrons  
would be glad if a race could  
be run every day, especially over this  
Helper boulevard.—Myron Free Press.

## PRICE AND NEARBY

Reports from various parts of the  
country are that the month thus far  
this season has been quite a bit  
quieter than the previous year. It  
will take a little damage to their trees, it  
will save some of the older orchards from  
hard frost.

TRYING TO PUT ONE OVER  
ON HIM, SAYS J. U. BRYNER

Editor Sun.

In your issue of May 5th under the  
caption "The Call of the Wild," it is  
charged that two boys, thieves made  
their escape from the court house  
yesterday taking "French leave" of J.  
U. Bryner, and that official must  
have allowed his "absentness" and  
watchfulness to relax somewhat.

The facts in the episode are that  
the prisoners were taken from the  
jail by Deputy Sheriff J. U. Rich and  
put to work on the lawn, he being in  
charge of them. Later after returning  
from shopping downtown J. U. Bryner  
was requested by Rich to go  
and watch the said prisoners while  
he (Rich) went to the office, but J.  
U. Bryner found that there were no  
prisoners there, they having escaped  
before he (Bryner) was requested to  
look after them. This is to any fair  
minded person would appear to be a  
deliberate intention upon the part of  
the person who reported the case to  
cast reflection upon J. U. Bryner as  
to his capabilities and attention  
to business.

The said John U. Bryner, therefore,  
desires to make this correction and  
desire that the said prisoners were  
placed in his charge by Sheriff Henry,  
and to express his contempt for  
those who attempted to belittle him  
in the eyes of the public.

JOHN U. BRYNER.
